Not Something For Nothing ...

In offering our service and facilities to prospective customers and clients, we are not offering something for nothing. We expect ultimately to be repaid for the expense of handling every account that comes to us.

Banks are money making institutions, and ours is no exception. If we are to continue to go forward, we must operate profitably.

However, we sincerely believe that our facilities for rendering real banking service are unsurpassed, and that those who contemplate opening accounts cannot do better than come to us.
